

ZSL | WHIPSNADE ZOO

Investigate endangered animals - Get involved to help wildlife!

- Reduce recycle and reuse – paper, plastic, cans and glass all count!
- Make your garden a wildlife haven – let a patch of grass grow longer or plant some wild flower seeds - great for bees and butterfly's

- Put up an animal box – birds, invertebrates, hedgehog or a bat house.
- Leave clean water in your garden for animals
- Help scientists by becoming a citizen scientist

- ◊ Let ZSL scientist know if there are animal in there camera trap images with instant wild - <http://www.edgeofexistence.org/instantwild/>

- ◊ RSPB big garden bird watch – January

- ◊ Butterfly conservation's Big butterfly count – summer

- ◊ Report a mammal in the Thames - <http://sites.zsl.org/inthethames/>

- ◊ Report Garden Wildlife Health related sightings - <http://www.zsl.org/science/research/gwh>

- ◊ Report hedgehog sightings <http://www.wildlondon.org.uk/hedgehog>
<https://www.hedgehogstreet.org/>

- ◊ National bat monitoring <http://www.bats.org.uk/pages/nbmp.html>

- ◊ Report sightings of amphibians and reptiles <https://www.arc-trust.org/report-your-sightings>

- Reduce your energy use – turn off lights, Tv's, computers and chargers when you are not using them.
- Put food out for wild animals – Do your research first to make sure you are putting out the right food.
- Litter picking in London, including on a paddleboard! <http://www.active360.co.uk/london-paddle-and-pick.htm>
- Beach clean-up events <https://www.mcsuk.org/beachwatch/greatbritishbeachclean>
