Winners of the ZSL Frink Medal for British Zoologists

2018  John McNamara, University of Bristol, for outstanding contributions to mathematical and theoretical approaches to the study of behavioural ecology and evolutionary biology

2017  Professor Pat Monaghan, University of Glasgow, for outstanding contributions to evolutionary ecology and the study of animal behaviour

2016  Professor Sarah Cleaveland FRS, University of Glasgow, for outstanding contributions to the understanding of wildlife disease, and the dynamics, impacts and implications of infections in natural ecosystems

2015  Professor Peter W. H. Holland FRS for outstanding contributions to our understanding of the evolution of animal diversity

2014  Professor Sir Patrick Bateson FRS for outstanding contributions to ethology

2013  Professor Michael Akam FRS for outstanding contributions to evolutionary developmental biology

2012  Professor Georgina Mace FRS for outstanding contributions to conservation biology

2011  Professor Paul Harvey CBE FRS for outstanding contributions to evolutionary biology and ecology

2010  Professor Ziheng Yang FRS For outstanding contributions to our knowledge of molecular evolution

2009  Professor Charles Godfray FRS for outstanding contributions to our knowledge of population and community ecology, and evolutionary biology

2008  Professor Chris Stringer FRS for outstanding contributions to our knowledge of human origins

2007  Professor Tom Cavalier-Smith FRS for contributions to our knowledge of cell and genome evolution, large-scale phylogeny and evolutionary transitions

2006  Professor Brian Charlesworth FRS for his outstanding research in evolutionary genetics

2005  Professor Geoff Parker FRS in recognition of his research into evolutionary processes
2004  Professor Malcolm Burrows FRS
in recognition of his research on the neuronal basis of behaviour.

2003  Professor Quentin Bone FRS
in recognition of his outstanding contribution to zoology.

2002  Professor Michael P. Hassell FRS
in recognition of his contribution to population ecology.

2001  Professor Nick Davies FRS
in recognition of his contribution to behavioural ecology.

2000  Professor Richard Fortey FRS
in recognition of his contribution to palaeontology.

1999  Professor Linda Partridge FRS
in recognition of her contribution to evolutionary biology.

1998  Professor John H. Lawton FRS
in recognition of his contribution to ecological science and to science in public life.

1997  Professor T. H. Clutton-Brock FRS
for setting new standards of design and analysis for using mammalian field studies to
answer scientific questions.

1996  Professor J. R. Krebs FRS
in recognition of his outstanding role in the establishment and development of the
discipline of behavioural ecology.

1995  Professor Sir Robert May FRS
for distinguished contributions to theoretical ecology.

1994  Professor M. F. Land FRS
for continued excellence in experimental work on vision.

1993  Professor R. M. Anderson FRS
for contributions to the fundamental theory of epidemiology and its application to
the dynamics of disease transmission.

1992  Professor B. K. Follett FRS
for contributions to the understanding of photoperiodism.

1991  Professor R. A. Hinde FRS
for outstanding contributions to the biological study of animal and human behaviour.

1990  Professor W. D. Hamilton FRS
for distinguished contributions to evolutionary biology.

1989  Professor J. Maynard Smith, FRS
for contributions to the theory of evolutionary biology, behavioural ecology and
population genetics.
1988  Professor A.J. Cain FRS
for contributions to the genetics of *Cepaea* and to the theory of evolution and taxonomy

1987  Professor Sir Eric Denton CBE, FRS
for distinguished contributions to marine biology, especially in its experimental aspects

1986  Dr Vera Fretter
for her contributions to the understanding of the developmental biology, physiological ecology and functional morphology of the prosobranch molluscs

1985  Professor J.D. Smyth
for distinguished contributions to parasitology

1984  Professor P.C.C. Garnham FRS
for distinguished contributions to malarial protozoology, in particular for work on the Haematozoa of mammals, birds and reptiles

1983  Dr Geoffrey Fryer
for contributions to the study of the evolution of Crustacea and of African freshwater fishes

1982  Professor J. M. Dodd
for distinguished contributions to zoology through research on endocrinology and through work to advance the organization and teaching of zoology in Britain

1981  Sir Eric Simth CBE ScD, FRS
for distinguished contributions to zoology through both research and administration

1980  Professor W. H. Thorpe FRS
for his work in the natural history and behaviour of animals, particularly birds and insects and for his contributions to the philosophy of zoology

1979  Professor V. C. Wynne-Edwards FRS
for services to general zoology and particularly to ornithology and its wider implications for population biology

1978  Professor Sir Vincent Wigglesworth CBE, FRS
for the contribution of his work on insect physiology and endocrinology to the general development of zoology

1977  Dr Sidnie M. Manton FRS
for the advances made by her towards the understanding of arthropod evolution

1976  Professor E. J. W. Barrington FRS
for distinguished services to zoology

1975  Professor Alastair Graham
for distinguished services to zoology
